

At Aldgate Kindergarten “KEEPING SAFE: the Child Protection Curriculum” is a significant element in our program. Today (24 May) we learnt about Feelings and how to be a good friend. Harold and his Life Education Van were in Aldgate Primary school and we went to visit him.

The van had wheels but did not go anywhere.

When Harold and a friend were sharing and caring for each other Harold's heart grew, until he could fill a bucket with love.

Andrea shared her fuzzy ball with the funny face on it with all of us. Sharing makes us feel happy.

Andrea (Harold's friend) told us that Harold was happy for us all to give Harold the Puppet a pat or hug.

We all climbed the stairs and sat inside the cosy van together. There were puppets on the wall.

We were all invited to choose a puppet from the wall, and give it a name and a cuddle before sticking it back on the wall with Velcro.

Everyone was given a sticker to take home so we could look up the website.

We played a game of “guess the Emotion by looking at my Face”. It was fun.
