

Bin Audit

Last Term these Aldgate Primary School students came in regularly to empty the Kindergarten recycling bins. We noticed they were knowledgeable and efficient. We invited them to come back some time and teach us **what goes in which bin** ?

Thursday

Kiara and Sienna (Evelyn's big sister) came back Thursday of Term two, week one and said they had time to teach us. So we all sat down and listened. We were very respectful.

We have four bins at Kindy, there is a lot to remember. The silver bin in the kitchen is for food scraps which go to the worms, chooks or the compost.

3 May

We all had a turn at putting some waste in the appropriate bin. **Blue is for paper and card. Yellow is for Hard plastics which can be recycled. Red is for rubbish which needs to go to Landfill.**

Thank You to Sienna and Kiara, we learnt a lot from you today.
