

Mikah- Part of a body

Chase I can see its brain  
Your brain helps you do everything

Shanon There are bones, because you have bones inside you

Finn Its a skeleton. I have a skeleton movie at home

Wallace They are both lungs. They help your body breathe & walk

Tikah I think this is your taste buds (points to ribs) I know it is where food comes down.

Lachlan Food goes down here & turns into poo & wee (points to intestines)

Lily Blood makes you healthy

Hugo: Blood helps our brain

Bella: Blood goes down there - (points to blood vessels in throat)

Mary: That is the heart (points to heart)

Shannon: Your heart tells you if you are hurt

Isaac: Your heart can break if you fall over.

Felix: The brain is up here (points to his head). Labelled lungs.

Wallace: (Gillian holding intestines) That is your brain because I saw one on my Mum's phone. (Gillian puts in the body) Oh, thats the tummy bit. The heart makes the power
