

# growing new plants

Week 8

Term 4

Four ways to grow new plants in our Kindy-Garden

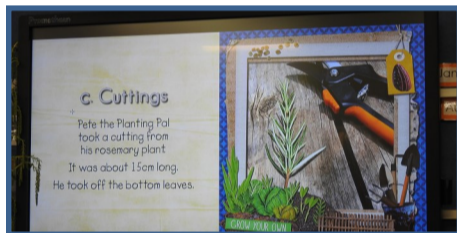

Seeds grow on our plants

Seeds need sun water and soil.

Seedlings are baby plants ready to plant in the veggie patch.

In winter we planted "seed potatoes" in a "no-dig" garden in our Veggie Patch.

Then we all planted our own Rosemary cutting. First we cut a small piece off the Rosemary plant, stripped the bottom leaves off, dipped it in honey and put it in a pot of soil.

We chopped the big ones and coated them all in oil and rosemary before roasting them in the oven YUM !

Outcome 2 of the Early Years Learning Framework:  
Children are connected with and contribute to their world: Children become socially responsible and show respect for their environment.

Outcome 3 of the Early Years Learning Framework:  
Children have a strong sense of Wellbeing: Children take increasing responsibility for their health and physical well being.
